MacX Video Converter Pro Anniversary Giveaway Press Release

MacXDVD Toasts 5th Anniversary with 15-day Giveaway of MacX Video Converter Pros

MacXDVD today commemorates the 5th anniversary of its founding in 2010 with the biggest-ever promotion over the course of the next 15 days, featuring a giveaway of MacX Video Converter Pro for free video converting, online video downloading, recording and editing. This anniversary event will culminate with a Facebook contest and up to 70% discount offer, continuing well into June 9, 2015.

This May marks 5 years since the founding of MacXDVD Software, and its birthday promotion is in full swing, featuring 2 mega giveaways that will continue through June 9, 2015. The prizes include its ace products MacX Video Converter Pro and MacX iPhone iPad DVD ripper, underpinning all multimedia solutions of converting video and ripping DVD movies flawlessly. Plus, other full-function DVD video converters are on sale for as low as \$29.95 (70% off).

The giveaway event is launched officially worldwide on May 26 and will run through June 8, 2015. No purchase is necessary, and it only takes a fingertip to get the license code from MacXDVD [2015 anniversary giveaway page](#).

The 5th anniversary is a tremendous milestone for MacXDVD Software. Over the past five years, the software company has witnessed more than 5 million downloads of converter software and built millions of new user base, spanning over 200 countries, including USA, India, UK, Japan, Canada, Germany, Italy, France.

"We're grateful to all the faithful customers who've given us feedbacks we needed to improve our products and make MacXDVD one of the leading multimedia software companies." Said Jack, CEO of MacXDVD. "And we couldn't think a better way to show our appreciation than to kick off the anniversary giveaway of our video converter software."

MacXDVD offers many options to celebrate the 5th anniversary, including:

1. Giveaway: [MacX Video Converter Pro](#), chosen as the giveaway gift, has been officially updated to version 5.5.5 in the end of April to align with the company's 5th anniversary. It works out a brand-new analysis module that enables to download TV shows, HD movies and music from over 300 online video sites, covering YTD, Vimeo, Dailymotion, Yahoo,

Youku and other sites popular in US, UK, Japan, China, etc.

This all-in-one video converter supports nearly all media formats as input, like MP4, MKV, MOV, AVI, WMV, FLV, and has added new preset profiles of iPhone 6 (Plus), iPad Air 2, Samsung Galaxy S6 and more as output. It delivers 83X faster conversion speed yet excellent output quality, even when it comes to convert 4K UHD video.

2. Facebook Contest: The cutting-edge MacX iPhone iPad DVD ripper, originally priced at \$39.95, is presented as the second giveaway gift. Participants will get the freebie on condition that they share the anniversary news on Facebook.

3. Three Whopping Discount Deals: Apart from the anniversary giveaway mentioned above, MacXDVD also offers many other options, including:

- * A 70% off MacX Anniversary Gift Pack spanning all of the functionality required for DVD ripping, video converting, audio/video streaming with minimal effort.
- * A half-price DVD ripper sale for movie fans in need of [MacX DVD Ripper Pro](#) full version for flawless DVD movie backup.
- * A software bundle containing both DVD copy software and HD video conversion software, at a whopping discount, as high as 67% off.

"Since its founding, MacXDVD team has been striving for building the best multimedia software and delivering first-class service to our customers." Chief Executive Officer Jack added, "We are confident that by continuing our culture of innovation and our unremitting pursuit of perfection, we will bring new levels of professionalism to our customers."

Price and Availability

MacX Video Converter Pro is priced at \$49.95 at official page, but is current free as a result of anniversary celebration. Besides, it's the golden chance to get MacX iPhone DVD Ripper (at list price \$39.95) without spending a penny if participants share [MacXDVD 2015 anniversary giveaway event](#) on Facebook before June 9, 2015.

MacX Video Converter Pro Product Overview

MacX Video Converter Pro - Convert, Download, Edit Video, Make Photo Slideshow, Record Screen

Built in 320+ video and 50+ audio codecs, the feature-rich video converter for Mac lets you convert video to any format for iPhone, iPad, Android mobiles with original quality and 83x faster speed. Make photo slideshow, download YouTube video, record screen, edit video and more.

Highlight Features

- **Convert Video to Any Format, for Any Devices**

With 320+ video and 50+ audio codecs packed in, MacX Video Converter Pro takes care of all of your video and audio converting needs. It gives you the easiest solution to convert web video, films, TV shows, video clip, recorded video to MP4, MOV, MPEG, FLV, AVI, H.264, MKV, M2TS, AVCHD, VOB, MP3, WAV, FLAC, ALAC, etc without compromising quality.

- **83x Faster Speed and Extraordinary Output Quality**

MacX Video Converter Pro makes perfect optimization for HD 1080p and 720p video encoding and decoding. Its built-in High Quality Engine helps to reduce noise and adjust definition, endowing your output video file with the crispest and sharpest image while delivering 83x faster real time converting speed compared to other similar tool.

- **Convert Video to Apple, Android and other Devices**

Infused with 350+ profiles, this Mac video converting software makes it a cinch to transform video for playback on an ever-expanding list of cross platform devices, be it iPhone (iPhone 6/Plus included), iPad (iPad Air 2, iPad Mini 3 included), Android HTC Desire 816, Galaxy S5 Mini/S5, WP8, Kindle Fire, PS4, Blackberry, etc. This Mac-based video converter tool offers you unbounded video enjoyment on mobile devices, with zero quality loss.

- **Easily Convert M2TS, MTS, MKV, 1080P, 4K UHD Videos**

As a best-in-class HD video converter for Mac, MacX Video Converter Pro gives you thorough control over you HD videos, helping you convert Multi-track videos M2TS (Blu-ray), MTS, TS, AVCHD, MKV and even 4K ultra HD videos to mobile phone compatible format so that you can enjoy the recorded HD videos on Android HTC Samsung and Apple iPhone iPad at one go without worrying about video format issues.

- **Trim, Merge, Crop, Add Subtitle and Watermark**

Touching up your video is all at your fingertips with the assistance of MacX Video Converter Pro. You can trim video and audio clips, crop frame size, split and merge videos, add watermark to personalize your videos. Besides, it supports Blu-ray and MKV built-in subtitle tracks or you can download AAS/SRT external subtitle files from internet and add it to video.

- **Craft Stylish Video Slideshows from Your Photos**

Embedded with a photo slideshow maker, MacX Video Converter Pro lets you turn your numerous photos no matter wedding or graduation ceremony into a stunning video slideshow and transfer to iPhone, iPad, Android in a few clicks. You can also add background music or voiceover to enrich the output effect of video and then share it with friends or upload to YouTube, Facebook, blog, etc.

- **Fast Download YouTube Videos on Mac**

The video converter for Mac is also a professional YouTube downloader for Mac, delivering a superb solution for you to download video from YouTube, including YouTube HD videos in 720P or higher. With advanced YouTube Video Download Engine, you can download a music video from YouTube within 30 seconds only and convert the downloaded video to MP4, AVI, WMV, MOV, etc for offline playback on iPhone, iPad, HTC, Samsung, etc.

- **Catch on-Screen Activity with Screen Recorder**

The "Screen Recorder" feature assists you in recording anything shown on your screen, e.g., you can record a game walkthrough or a tutorial for sharing on YouTube, blog, and capture non-downloadable online videos from sites like Hulu, BBC, and more for offline enjoyment. It also allows you to record iTunes DRM video for further conversion and editing without losing quality, whereupon you can have the DRM-protected video you purchased played on any mobile devices.

- **Record Video with Mac's Built-in Camera or External Webcam**

This video converter for Mac also features video recording that excels in creating video clips with Mac's built-in camera or externally connected camera. Its powerful ability to convert the recorded videos to MP4, MOV, FLV, AVI, etc also grants you the freedom to upload the recorded video clips to YouTube, Facebook and play them on mobile devices as you like.
